Spin Casino has a great loyalty program where you can earn points every time you bet real money on the site - the more you bet, the more you earn. New members are rewarded with 2,500 points right off the bat, which is enough to shoot you right into the bronze level. This means casino bonuses of up to R\$1,000 per month from the moment you start playing.

As you accumulate loyalty points you can exchange them for prizes and bonus credits, which become more and more valuable the more points you earn.

How to join the VIP Program

When you sign up with Spin Casino, you are automatically entered into the Loyalty Club. We love that you're guaranteed all the benefits and bonuses, without having to jump through any hoops signing up.

As you earn more points you graduate through the different levels of the Loyalty Club. Your 2,500 points for signing up is enough to get into the Bronze Club, but there are still the Silver, Gold, Platinum, Diamond and Privé levels to achieve. Getting to a new level means unlocking new benefits.

What benefits do you get?

Spin Casino's rewards system is tiered. As you progress up the levels, the benefits become more valuable. First you can expect bonus cash, entry into exclusive tournaments, and exclusive promotions and competitions. If you make it to the top, you stand to earn a personal account manager, free vacations, personalized gifts, and invitations to VIP events.

We're big fans of the VIP program. All users are automatically entered, and it gives players a great reason to stay excited about playing. We understand that the top levels of the program should be difficult to achieve. However, it's worth noting that you will need to gamble a lot of money to get there. The upper levels are really for high rollers only.
