CPRAWler Tip: When withdrawing money from F12, follow these steps

To withdraw money from F12, first ensure you have the necessary permissions and funds available. Follow the steps below for a successful transaction:

- Access the F12 interface
- Open your web browser and press F12 to access the developer tools console.
- Locate the withdrawal function
- In the console, look for a button, option, or command labeled 'Withdraw' or 'Cash Out'.
- Enter the amount
- Once you've located the withdrawal function, input the amount you wish to withdraw.
- Confirm the transaction
- Review the entered amount and confirm the transaction to proceed. The funds will then be withdrawn from your F12 account.

Important note: Make sure you have sufficient balance and the proper authorization to perform the withdrawal.

If you face any issues, consult the F12 documentation or contact their support team for assistance.
