Physical prowess: Toji is almost definitely faster and physically stronger than Jogo, though I don't think it's by all that much. Tojo was able to take Dagon out with minimal assistance, and while Dagon isn't comparable to Jogo he was still a member of the same group. Let's talk about Jogo vs Toji's fight; he was forced into combat against Sukuna and, though he tried his best, he failed to defeat him, which was expected. Jogo died in his fight, however, not before his strength was acknowledged by Sukiuna. Jujutsu Kaisen: Death In The Shibuya Arc - Game, y.x.l.b.g.z.u.i.m.r.v.n.o.js.uk.us/c/k/d/s/a/n/l/y/b/
