## live chat zebet

<p&gt;I have been playing a lot of live poker recently, mostly at 2/5, and th ings have been going nicely. This 👄 week, however, disaster struck : my local casino has instituted " the rock." < /p&gt; <p&gt;&lt;/p&gt; <p&gt;&lt;/p&gt; <p&gt;&lt;/p&gt; <p&gt;The rock rules are terrible, I would even say &#128068; pathological. They are:</p&qt; <p&gt;&lt;/p&gt; <p&gt;\* The rock is worth twice the big blind&lt;/p&gt; <p&qt;&lt;/p&qt; <p&gt;\* The player with the rock must post it as &#128068; a straddle immedi ately regardless of position</p&gt; <p&gt;&lt;/p&gt; <p&gt;\* Action preflop always starts UTG unless the rock is UTG in which case it 👄 starts +1</p&gt; <p&gt;&lt;/p&gt; <p&gt;\* If a player in the blinds has the rock, it replaces their normal blin d</p&qt; <p&qt;&lt;/p&qt; <p&gt;\* No other straddle is &#128068; allowed&lt;/p&gt; <p&gt;&lt;/p&gt; <p&gt;&lt;/p&gt; <p&qt;&lt;/p&qt; <p&gt;In this game the cap is 2000, but about 2/3 of players (and virtually a) Tj T\* BT /F t: <p&gt;&lt;/p&gt; <p&gt;&lt;/p&gt; <p&gt;&lt;/p&gt; <p&gt;I am not sure exactly how to calculate the effect on correct strategy, but it 👄 feels like in most cases I should only be playing something li ke AQs, AK, QQ+. And if the rock is 👄 in the blinds I should only play AA. Ironically I don't think my 3bet strategy should change too much, but &# 128068; my opening and calling range should be cut down to almost nothing. This is because the more money goes into 👄 the pot, the less the rock matte rs. But it's also a de facto ultra short stack game so non premium 👄 hands lose value.</p&gt; <p&gt;&lt;/p&gt; <p&qt;&lt;/p&qt; <p&qt;&lt;/p&qt; <p&gt;Other players seem to be making the wrong adjustment or no adjustment s o the game might still be 👄 profitable (possibly even more profitable), but if I can only play one hand per hour I will probably find something &#12806
